

RANGE 02 · INDICATIVE — FIGURES TO BE CONFIRMED BY FILTERTEC ENGINEERING

Pleated cartridge filters

High flow rate, low pressure drop and consistent removal efficiency across extended service intervals.

AT A GLANCE

Micron rating	0.1µm – 100µm
Construction / media	Polypropylene, PES, PTFE
Max operating pressure	To be supplied
Max operating temperature	To be supplied
Connections / sizes	To be supplied
Certifications	To be supplied
Typical lead time	To be supplied

KEY POINTS

- High effective filtration area
- Absolute and nominal grades
- Broad chemical compatibility

MATERIALS

Polypropylene · PES · PTFE · Glass fibre
